

6<sup>th</sup> March 2017

Dear Parent/Guardian

### GCSE Mathematics Revision Guides

This upcoming school year promises to be an exciting one for pupils, parents, and teachers alike. The Woldgate School and Sixth Form College Mathematics Department is energized by the prospect of working with your children to help them succeed and provide them with a solid foundation for their future education and careers.

In preparation for any internal assessments and the GCSE exams in the summer of Year 11, we are offering pupils the chance to purchase a GCSE revision pack for their own personal use.

We have chosen to offer the revision booklets provided by the CGP group and can be ordered at either Foundation or Higher Level (depending on your son/daughter's proposed tier of entry). The package contains a Revision Guide, an Exam Practice Workbook (answers provided), or alternatively you can purchase an all-in-one complete revision and Practice workbook (contains a full set of practice exam papers with answers, warm-up tests and a selection of exam-style questions).

- Revision Guide £2.50
- Exam Practice Workbook £2.50
- Complete Revision & Practice £5.50

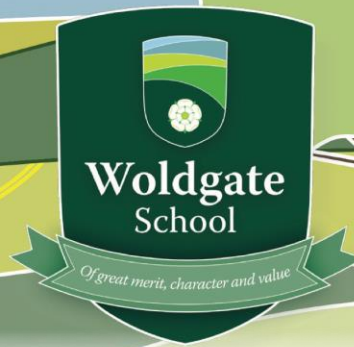

We are also selling the 'Maths Watch' CDs at a cost of £4 each. These discs contain a short revision video on every topic that is in the new GCSE specification, at the Tier that your son/daughter will be studying, as well as practice questions and worksheets with answers. The demonstrations have been found, by pupils, to be extremely helpful.

We will be placing an order for the exact number; so to reserve your copies please return the correct money (cash or cheque made payable to Woldgate School), to the Finance Office. Please complete the attached slip and return it with your payment in an envelope clearly labelled with: Maths Revision, Pupil's Name, Tutor group and Maths teacher's name.

The deadline for receiving orders will be 31/03/17. We regret that no payments can be processed after this date.

Yours sincerely

**Mr Kieran McCausland**  
Director of Studies for Mathematics
